

JOB ANNOUNCEMENT
Center for Geospatial Data Analysis
Indiana Geological Survey

POSITION OPEN:

Technical Assistant to perform miscellaneous tasks associated with the production of Geographic Information System (GIS) layers.

Position start date: October 2, 2006

DESCRIPTION:

The Indiana Geological Survey, an institute of Indiana University, is seeking a part-time employee as part of the ongoing Indiana GIS Atlas Project. The primary responsibility of the position will be to assist in the georeferencing of historical photomosaic index maps using ESRI ArcGIS. Other responsibilities will include the creation of images from ESRI ArcGIS and the editing of those images using Adobe Photoshop.

This position is part of an ongoing contract funded by Indiana Dept. of Transportation.

REQUIREMENTS:

- Basic understanding of ESRI ArcGIS software
- Experience with Adobe Photoshop and scanning procedures
- Familiarity with maps or other related visual arts skills
- Strong organizational skills
- Ability to work independently with minimum supervision

SALARY and HOURS:

This is a part-time position (up to 20 hours/week).

Pay: \$15.75/hour
